Unemployment

Provides income to workers who become unemployed through no fault of their own and other work is not available.

• Your place of employment has closed down due to COVID-19 restrictions
• Reduction in hours or wages
• You are self-employed

School Closures

• If your child’s school is closed, and you have to miss work to be there for them, you may be eligible for Unemployment Insurance benefits. Eligibility considerations include if you have no other care options and if you are unable to continue working your normal hours remotely. File an Unemployment Insurance claim and our EDD representatives will decide if you are eligible.

Self-Employed (Pandemic Unemployment Assistance program)

• If you are self-employed, you may have benefits available from EDD employment insurance programs that you or your employer may have paid into over the past 5 to 18 months. You may have contributions from a prior job, or you could have been misclassified as an independent contractor instead of an employee. Apply for the benefit program that best fits your situation and include details about your employment to help us process your claim.

☒ This book is important to read. It answers most general questions you may have about unemployment. Information also online.

☒ If you file in April they will take all of last years wages and from those 12 months, they take the highest quarter to determine your weekly benefit amount which begins on.

Federal Pandemic Unemployment Compensation, payable for any week that is equal to:
• The amount determined under the State law, plus
• An additional amount of $600 (for 4 months only)

☒ There is a one week waiting period. (This has been suspended)

☒ Maximum weeks to collect unemployment is 26 weeks, which is equal to 6 months.

☒ There are no federal extensions at this time.

(Federal Government will fund an additional 13 weeks; The total number of weeks for which a covered individual may receive assistance cannot exceed 39 weeks.)
Cal Jobs

If you file a claim, you are required to register and create a resume on Cal-JOBS. [https://www.caljobs.ca.gov/](https://www.caljobs.ca.gov/)

California Training Benefits

- If you feel you need to return to school to upgrade your skills, you need to read this pamphlet.
- You need to make sure you inquire about CTB by the 16th week of collecting unemployment, otherwise you will be ineligible.

Online: www.edd.ca.gov/disability
1-800-480-3287

Sick or Quarantined
If you’re unable to work due to having or being exposed to COVID-19 (certified by a medical professional), you can file a Disability Insurance (DI) claim. DI provides short-term benefit payments to eligible workers who have a full or partial loss of wages due to a non-work-related illness, injury, or pregnancy. Benefit amounts are approximately 60-70 percent of wages (depending on income) and range from $50-$1,300 a week.

Telehealth and virtual appointments are acceptable for a physical examination, but medical certifications are still required.

The Governor’s Executive Order waives the one-week unpaid waiting period, so you can collect DI benefits for the first week you are out of work. If you are eligible, the EDD processes and issues payments within a few weeks of receiving a claim.
Paid Family Leave

• Partial wage replacement benefits to individuals who need to take time off work to care for a seriously ill child, parent, parent in law, grandparent, grandchild, sibling, spouse or registered domestic partner. Benefits are also available to parents who need time to bond with a new entering their family either by birth, adoption, or foster care placement.

• There is no waiting period.

Benefit amounts are approximately 60-70 percent of wages (depending on income) and range from $50-$1,300 a week. If you are eligible, the EDD processes and issues payments within a few weeks of receiving a claim.

MEDI-CAL

Medi-Cal is California's public health insurance program, patterned after the Federal Medicaid program, designed to provide no-cost or low-cost medical benefits to low income individuals and families. Enrollment for Medi-Cal coverage is open all year.

Who May Be Eligible For Medi-Cal

- Children under the age of 21
- Pregnant individuals
- Low income families
- Adults without children, 19 to 64 years of age
- Individuals over 65 years of age
- Individuals with disabilities
- Financial Eligibility

To be eligible for no cost Medi-Cal, a single adult individual must have an annual income lower than 138 percent of the federal poverty level. For families the income limit may be higher, as it depends on number of individuals in the household. Those exceeding income limits may qualify for low cost health insurance plans through Covered California.

- For certain Medi-Cal programs along with income limits, property limits may apply to all applicants except pregnant individuals and children ages 0 to 18.

- For more information or to apply online, please visit My Benefits CalWIN or Covered California.
Benefits CalWIN
(www.mybenefitscalwin.org)

• Online website for clients to apply for Fresno County public assistance programs, including CalWORKs (cash aid), CalFresh (food stamps), and Medi-Cal

• Clients can apply for services 24/7 without having to come into a DSS office.

• Other online services available include: view benefit amount and program status, complete reports, request a Medi-Cal replacement card, request forms.
What is Covered CA

Covered California is a free service that connects Californians with brand-name health insurance under the Patient Protection and Affordable Care Act. It’s the only place where you can get financial help when you buy health insurance from well-known companies. That means when you apply, you may qualify for a discount on a health plan through Covered California, or get health insurance through the state’s Medi-Cal program. Either way, you’ll have great health coverage.
